

OFFICE OF MUSEUM SERVICES (OMS)

PROMOTING LIFELONG LEARNING AND PROTECTING OUR NATIONAL HERITAGE

ACTION NEEDED

We urge Congress to:

- Support full funding for the Office of Museum Services (OMS) within the Institute of Museum and Library Services (IMLS).
- Sign appropriations letters being circulated by Senator Gillibrand (D-NY) and by Representatives Tonko (D-NY), Lance (R-NJ), McKinley (R-WV), and Slaughter (D-NY).
- Enact the Museum and Library Services Act of 2017 (S.2271), which would reauthorize IMLS.

TALKING POINTS

OMS enhances museums' economic impact.

- Museums are economic engines, supporting more than 726,000 jobs and annually contributing \$50 billion to the U.S. economy and \$12 billion in annual tax revenue at all levels of government.
- OMS funding--which supports all types of museums including art, history, science, children's, specialized institutions, and living collections, such as zoos and aquariums--plays a significant role in this economic impact by helping museums reach more visitors and spur community development.

OMS advances the role of museums in lifelong learning and as key partners in education.

- Museums receive approximately 55 million visits each year from students in school groups, with art museums alone reaching approximately 40,000 public, private, charter, parochial, magnet, and home schools spanning nearly every congressional district.
- The educational role of museums is at the core of their service to the public. They spend over \$2 billion annually on education programming, roughly three-quarters of which is at the K-12 level.
- Through its 21st Century Skills initiative, OMS gives learners tools they will need in a modern economy: critical thinking, creativity, numerical literacy, problem solving, innovation, and communication skills.
- Museums often tailor educational programs in coordination with state and local curriculum standards.

OMS helps museums care for their collections.

- Museums care for more than 1 billion objects. The 2005 *Heritage Health Index*, published by the Institute of Museum & Library Services and the National Endowment for the Humanities, together with support from

foundations, concluded that immediate conservation action is needed to prevent the loss of millions of artifacts. An updated survey due this year is expected to show collections in an equally urgent state of need.

BACKGROUND

Dedicated to sustaining a nation of learners, the Office of Museum Services at the Institute of Museum and Library Services awards grants to museums to enable them to carry out educational programs, reach new audiences, and care for their collections. The agency supports museums as core providers of learning, both directly and in conjunction with schools, families, and communities.

IMLS has been regularly reauthorized by Congress with broad support, most recently in 2010 with a funding authorization of \$38.6 million for OMS. Senators Reed (D-RI), Cochran (R-MS), Gillibrand (D-NY), Collins (R-ME), and Murkowski (R-AK) have introduced the Museum and Library Services Act of 2017 (S.2271), legislation that would reauthorize IMLS for six years and which contains many provisions supported by the museum field. The Administration's FY 2019 budget proposals calls for termination of the Institute for Museum and Library Services.
